

Buckeye Valley Chamber of Commerce Dental Program

Your family's dental health is important to your Buckeye Valley Chamber of Commerce (BVCC), because quality dental care can improve your overall health and wellness. For instance, regular dental care can prevent gingivitis (gum disease) which is linked to heart disease and diabetes.

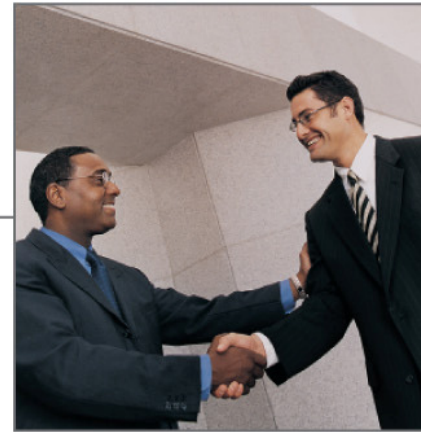

As a result, BVCC is offering its members a dental insurance program with three plans. You decide which plan fits your budget and healthy lifestyle:

- **The Copay Plan**
 - 100% coverage after copays
 - No annual maximum
- **The PPO Plan 1**
 - 100% coverage for cleanings, exams and x-rays
 - Low in-network out-of-pocket costs
- **The PPO Plan 2**
 - 100% coverage for cleanings, exams and x-rays
 - Freedom to see any dentist
- **More Standard Highlights**
 - National dentist network
 - White fillings covered on all teeth
 - 4 cleanings covered with periodontal surgery

For personalized service with your enrollment and plan questions, please contact:

- Jay Broadbent, Leavitt Insurance Services at: jay-broadbent@leavitt.com; 623-386-4452.
